Breaker Communications Cookies Policy

This Cookies Policy aims to help visitors understand how cookies are used on the Breaker Communications website.

A cookie is a small file, typically of letters and numbers, which is downloaded onto a device when the user accesses websites. There are different types of cookies collected; those which support navigation and function, analytics cookies collecting information about how people access and use the website, and essential cookies which support the running of the website.

We will not use cookies to collect personally identifiable information about you.

On visiting the website, you can choose to decline non-essential cookies. By accepting cookies within your browser settings and using the Breaker Communications website, you consent to the processing of data.

Cookies:

Name	Expiration	Description
_hs_cookie_cat-pref	6 months	A cookie used by HubSpot to record the cookie categories a visitor has consented to.
_hssc	30 minutes	A cookie used by HubSpot to keep track of sessions. This is used to determine, if HubSpot should increment the Session Number and timestamps in the __hstc cookie. It contains the Domain, View Count (increments each page view in a session) and Session Start Timestamp.
_hssrc	End of session	Whenever HubSpot changes the Session cookie, this cookie is also used to determine if the visitor has restarted their browser. If this cookie does not exist it is considered a new session. It contains the value "1" when present.
_hstc	13 months	A cookie used by HubSpot for tracking visitors. It contains the domain "utk", initial timestamp (first visit), last timestamp (last visit), current timestamp (this visit) and session number (increments for each subsequent session).
_cfuvid	0 days	The _cfuvid cookie is used by Cloudflare to distinguish individual users who share the same IP address, for the purpose of enforcing Rate Limiting Rules.
Hubspotutk	13 months	This cookie keeps track of a visitor's identity. It is passed to HubSpot on form submission and used when deduplicating contacts. It

		contains an opaque GUID to represent the current visitor.
_cf_bm	30 minutes	The __cf_bm cookie is a Cloudflare essential cookie used for its Bot Management services to identify and mitigate malicious bot traffic.
AEC	6 months	A security cookie used by Google to ensure that requests made within a browsing session are made by the user, and not by other sites.
NID	6 months	A cookie used by Google to remember user preferences (like language or SafeSearch settings) and customise ads on Google search.
SOCS	13 months	A 'State of Cookie Consent' cookie, primarily used by Google to sore a user's cookie choices.

Contacting us

If you have any questions about how Breaker Communications processes your personal data or you would like to exercise any of your rights under the UK Data Protection Legislation, then please contact the Data Controller, Breaker Communications (sole trader) on hello@BreakerCommunications.co.uk
